

ENVIRONMENTAL POLICY

Quantum Total Packages Sdn. Bhd. Is committed to promote environmental friendly awareness for all of our processes and ensure that the environmental need is our priority. We dedicated to meet all environmental rules and regulations for paper box manufacturing industry.

Our commitments are to improve our environmental obligations such as:

- Ensure full compliance with the applicable environmental legislation and other requirements relevant to our environmental aspects.
- Produce environmental friendly products.
- Minimize waste generated by applying the 4R technique which are *Reduce, Reuse, Recycle and Recover*.
- Ensure that our waste are disposed according to environmental law.
- To cultivate the environmental law.

We will continually improve our employees awareness, manufacturing process and management system to ensure that we achieved our environmental goals.
